

JOHN GIL MAYOR

WEB/FULL-STACK DEVELOPER / PROJECT MANAGER

jmayer.devhub@gmail.com | 09692980415 | San Isidro, Paranaque City, Metro Manila, 1700

Website Portfolio: jgcreates.vercel.app | linkedin.com/in/john-myr22

PROFESSIONAL SUMMARY

Driven and detail-oriented entry-level Web/Full-Stack Developer and graduating of Information Technology with a passion for creating practical and user-centered digital solutions. Demonstrated skill as fast learner, taking initiative, and transferring problem-solving skills to real-world projects. Trying to add to the dynamic team where creativity, adaptability and continuous growth are appreciated in creating meaningful technology.

WORK EXPERIENCE

PIXEL REACH INC. – THE AURA CREATIVES

March 2026 - May 2026

IT Associate - Web/Full-Stack Developer Intern (500 Hours)

Ayala, Makati City

- Developed and styled responsive, high-performance website using JavaScript (ES6+), Tailwind CSS, React, JSON and AI Chatbot integration and email automation for notification workflow.
- Administered workstation network settings to ensure stable connectivity and maintained detailed system log files for troubleshooting and auditing.
- Delivered end-to-end technical support and endpoint maintenance by executing system-wide Windows diagnostic and security scans on corporate laptops and desktops to preserve device integrity.

PAIRCARGO - PAIRPAGS NAIA

July 2024 - Jan 2025

Admin Operation Planner

Pasay City

- Maintained and organized numerous office files, streamlining document retrieval processes.
- Communicated effectively with clients, consignees, and logistics brokers via emails and phone calls to enhance operational effectiveness.
- Tracked, traced, and updated the status of shipments, ensuring timely delivery and quality checks against delivery receipts.
